DELIVERY + ASSESSMENT

Entry Requirements

SAQA learning assumed to be in place: Communication at NQF Level 3, Mathematical Literacy at NQF Level 3, and competence in erecting, using and dismantling access scaffolding at NQF Level 3. Confirm documentary and medical requirements at booking.

Delivery Method

Facilitator-led discussion, role play, case studies, videos, written questions and practical scaffold inspection activities.

Training & Evaluation

Current course page states a 50% theoretical and 50% practical training approach.

Available Options

Public classes in Cape Town and on-site employer group training by written quotation.

LEARNER OUTCOMES

- Demonstrate understanding of different types of access scaffolding, applications, limitations, design and compliance.
- Explain the role and responsibilities of the scaffold inspector.
- Read and interpret drawings, client requirements and other specifications.
- Inspect access scaffolding and identify defects or non-conforming conditions.
- Hand over access scaffolding and complete the required inspection documentation.

SUITABLE FOR

- Construction site supervisors
- SHEQ officers and safety staff
- Scaffold erectors progressing to inspection roles
- Contractor and subcontractor teams
- Project and site management teams
- People responsible for scaffold inspection / sign-off
- Employers needing group training
- Teams overseeing access scaffold compliance

PROGRAMME STATUS & BOOKING NOTE

SAQA Unit Standard 263205 has passed its registration end date. The official SAQA record lists 30 June 2026 as the last date for enrolment and 30 June 2029 as the last date for achievement. Because the last-enrolment date has passed, any new booking must be confirmed against the provider's current approved pathway, scope and programme availability.
